NEGRO FIREMAN THE STOKER

Attempt to Move Freight Stalled at
Lithonia Followed by Attack on
Crew—Rocks Thrown Into Cab of
Engine and Brakes of Cars Are
Shoved On by Angered Citizens.

Atlanta, May 28.—With a negro fireman stoking the first of the daily mail trains that are to be run over the Georgia road until the strike of the firemen ends left Atlanta this morning for Augusta. It carried about 5,000 pounds of mail, which is three times the weight of the usual package of mail routed over the Georgia road from Atlanta to Augusta.

The name of the negro fireman who made the run is Joe Brown. He has been working as fireman for the Georgia road since he was "knee high to a duck," as he puts it, and is one of the negro employees who, the striking firemen say, are put senior to them.

When the train pulled out white firemen of the Brotherhood of Firemen and Enginemen were at the Union Depot ready to go out, but they were not called upon.

Crew Is Attacked.
Lithonia, Ga., May 28.—The attempt of the Georgia Railroad to pull a freight train off from Lithonia this afternoon resulted in an attack upon the crew by a crowd of 200 men.

The train was stalled and when rocks were thrown into the cab of the engine the train was cut loose and the engine rushed away, leaving the cars standing.

This happened at 6 o'clock. An engine under charge of Engineer Dowling, with Supt. John D. Patterson aboard, a negro fireman being part of the crew, came into Lithonia at full speed, rushed on to the side track, coupled up to the waiting train, and started out. Before it reached the main line the crowd swarmed onto the top of the cars and put on the brakes. A rock was thrown into the cab and the glass was smashed.

Engineer Dowling jumped out with a bar of iron in his hand and shouted: "I'll kill the next man that throws a rock."

Then he jumped into the cab and attempted to start his engine, but the crowd was still on top of the cars holding the brakes, and after futile attempts to pull out the engine was cut loose from the train and sped away.

KNAPP TO SCENE OF STRIKE.

By direction of the President, Chairman Knapp, of the Interstate Commerce Commission, left Washington yesterday afternoon for Atlanta, to bring about, if possible, an adjustment of the strike situation on the Georgia Railroad.

This action was taken after a thorough discussion of the matter at the cabinet meeting, where the opinion was expressed that it might become necessary for the Federal government to utilize troops in order to move the mails, unless the strike should be settled speedily.

Chairman Knapp will work in conjunction with Commissioner of Labor Neill, who is already on the ground.

AUTOIST MUST GO TO PRISON.

Driver Who Killed Boy in New York
Convicted of Manslaughter.

New York, May 28.—Reckless drivers of automobiles received a signal warning today when William Darrigah, the chauffeur who drove the automobile that killed Ingvard Trimble, a thirteen-year-old boy, on March 27, was convicted of manslaughter in the first degree by a jury before Judge Mulqueen in General Sessions.

The maximum penalty for the crime of which he stands convicted is twenty years' imprisonment.

The youth killed by the automobile was the thirteen-year-old son of Lawyer Trimble, of Lexington, Ky.

ROGERS FORTUNE TO FAMILY.

Will of Financier Gives All Except
\$100,000 to Near Relatives.

New York, May 28.—The will of the late Henry H. Rogers was filed for probate here today. The testator left all his property to his wife, children, and relatives with the exception of \$100,000, which he stands convicted is twenty years' imprisonment.

The youth killed by the automobile was the thirteen-year-old son of Lawyer Trimble, of Lexington, Ky.

The will gives to the widow the use of the New York City residence and sets aside a trust fund of from \$250,000 to \$300,000 to provide an annuity for her of \$100,000.

At her death this trust fund is to be returned to the residuary estate. Mr. Rogers left his residence at Fairhaven, Mass., and his real estate there to his son, Henry H. Rogers, Jr.

Various trusts, ranging in amounts from \$10,000 to \$200,000 each, and altogether aggregating \$550,000, are created for the benefit of Mr. Rogers' collateral relatives. The income from these trusts is to be paid to the various beneficiaries during their lives, and upon their deaths the principal of the trusts funds will revert to the residuary estate of the testator.

No estimate of the value of the estate was given with the filing of the will further than a statement that the real estate is worth more than \$10,000, and that the personal property exceeds \$10,000.

A List of the Prizes to Be Given Away

IF YOU will take time to read the list give below you will learn something of the magnificent prizes which we shall give away at the close of this contest on July 3. Of course, we can't tell you all about them in this small space, but we may at least say enough to interest you so that you will try to learn more about them. We'd like you to see these prizes for yourself, then we know that you would want one of them. And if you want one you may have it, though, of course, you will have to work for it. We're not giving them away sans consideration—no one would do that, but what we mean is that you need be out no cash from your own pocket. What we want is an increased circulation, and we take this method of getting it.

First Prize:

House and Lot

Valued at \$5,550.

This house and lot are located in the best residence section of Washington, on Bryant street, two blocks north of W and half a block west of North Capitol. This section is literally filled with homes such as we are giving away, the homes being owned by the dwellers themselves. The locality is dotted with churches and schools, and this particular home is within 300 feet of the second largest park in the District. It is one of Middaugh & Shannon's "Homes of a Hundred Ideas."

Second Prize:

White Steamer

Valued at \$2,250.

We purchased this automobile from the White Steamer Company, and it cost us \$2,250. We shall give it to the contestant receiving the second largest number of votes in this contest. This is a prize well worth the winning, being the very best machine obtainable at any price. Its advantages are innumerable, its excellence beyond dispute. You will find a world of pleasure in the possession of this car, which is easily yours if you want it. It is only a question of securing subscriptions to The Washington Herald.

Third Prize:

Columbia Electric

Valued at \$1,600.

This little car is the very height of perfection and elegance, and is particularly adapted to the use of professional men. It is also the safest car for both ladies and children. It will go to that contestant receiving the third largest number of votes in this contest. We paid the Dupont Garage Company \$1,600 for it, and we can assure you that it is worth every cent of the amount paid. For lightness, durability, and smooth running, this car is in a class by itself. It is yours if you want it.

Fourth Prize:

A Building Lot

Valued at \$2,145.

This lot (which is practically "two" lots, Nos. 21 and 22) is located in beautiful Chevy Chase, on Morrison street east, just off Connecticut avenue. It has an actual value of \$2,359.50, but as we paid Thos. J. Fisher & Co. the sum of \$2,145 for it, we are advertising it as a \$2,145 lot. The explanation lies in the fact that the property, since the purchase by us, has advanced 10 per cent in value, which only goes to show what The Washington Herald is trying to do for itself and its readers.

Fifth Prize:

A European Trip

Valued at \$1,000.

This tour completes the list of our five grand prizes, and will be given to the contestant receiving the fifth largest number of votes in this contest. The winner of this tour will not be compelled to travel alone among strangers, as we grant the privilege of your selecting any friend or relative whom you may wish to accompany you, the expenses of both to be borne by The Washington Herald. We consider this a great inducement to you, and will be surprised if you do not decide right away to enter this contest.

Other Prizes:

72 District Prizes

Although there are four prizes to each of the eighteen districts, we wish especially to call your attention to the first prize, a \$450 Estey Piano, eighteen of which we have purchased from the Sanders & Stayman Company, of this city. They will be given to the contestants who receive the greatest number of votes in their respective districts. We do not believe that we could offer a more acceptable district prize than a piano, especially when it is an Estey, worth \$450, and we know you will be satisfied with it.

THE EXTRA VOTE period so often explained in this paper will positively close at midnight next Tuesday. It will not be extended, so if you have been waiting to see what your opponents would do toward the close, you have waited quite long enough. Now show them what you are going to do. And you have only four days in which to do it. New contestants are wanted, and we are waiting with open arms, as it were, to welcome them. They will receive every consideration, and need have no fear that they cannot win because they are coming in so late. It is anybody's race so far, not excepting the new contestants, and the one having the lowest number of votes can catch up with the leaders by hard work. See us about it.
